Sharp mod-style uniforms gave the Cabriettes an air of distinction on the campus

Donelle Martin headed the 1972 Drill Team as major with Miss Pat Griset as the team sponsor

The Team performed at pep assemblies football and basketball halftimes with many original routines. They also accompanied the Marching Conquistadores to all of their parades

The Cabriettes were able to send several girls to a drill team camp in Santa Barbara in order to learn new techniques. And the new techniques showed through in their colorful routines

As an active group the team promoted spirit through all of the projects they participated in

# Batons Twirled, Girls Sparkled

There were two returning members to the 1972 Majorette Squad, which aided them in achieving distinction Debbie Aldrich led the team as captain Due to her efforts, the squad performed with sharpness and flash. By practicing daily, the squad's diligent work showed up in their fantastic performances at pep assemblies, halftimes and at parades.

Added attractions this year were the newly acquired uniforms. Carol Green, a senior, was the solo majorette for the squad for her second.

Patti Facer (Captain) and Sharon Erdmann shared equally in the excitement of being a cheerleader their first year at Cabrillo. Their capability was clearly demonstrated the day after being announced for they had to cheer at a football assembly the next day

Bake sales and a car wash brought in enough money to send the girls to a spring cheerleading camp, thus marking the end of a fun-filled freshman year

### Gold Medal Band Marched For The Glory Of Their School

The Marching Band is an extra-curricular extension of the band program. The group is a totally voluntary organization, meeting after school each day for the entire year, receiving no grade for academic credit. The Marching Conquistadores this year upheld their past record of excellence in marching competition, by performing and placing in seven selected parades throughout the state of California. In seven parades the band added 14 trophies to their already full trophy case A new group on campus this year was the Cabrillo "Heralds," so called because they carry the official Heraldic Flags of Juan Cabrillo in front of the Marching Band. This group of 11 girls under the leadership of Captain Joan Woelke, developed into a thrilling small precision team. Their interesting Court Page uniforms and large flags have made them a welcomed addition to all the Marching Band's activities. In addition, the girls performed at basketball games as a halftime entertainment, and hope to accumulate enough credits to participate in the State Auxiliary Unit Competition in the Spring

# Cafeteria Was Breath-takingly Decorated With Reynolds Wrap And Stretch-And-Seal

'Roaring Twenties," theme of the 1971 Homecoming event, was carried out in many ways. The dance Decoration Committee turned Cabrillo's cafeteria into the 1920 era of excitement and glamour Our Varsity football team did their part by roaring past the Righetti Warriors with a score of 21-0 Though the weather at the game was cold enough for raccoon coats, all of the spectators were warmed at halftime when the Homecoming Queen Candidates and Attendants paraded around the field, accompanied by the Cabrillo Marching Band and Drill Team The Attendants, freshman Becky DaPar, sophomore Malia McDaniel and junior Chelle Hallenbeck were first to be introduced. Then the Queen Candidates; Brenda Beaver, Linda Daniels, Leslee Lewis, Katie Scott, and Paula Woodruff were escorted across the football field. A hush fell over the stadium and anticipation was at its highest, as it must have been when the people of the United States were awaiting the outcome of the end of prohibition. And then came the announcement, "Our 1971 Homecoming Queen is Miss Paula Woodruff."

Highlighting Sadie Hawkins Week was the skit performed by the Heidmous brothers. Yell leaders, Danny Kleinman (Captain), Dennis Hall, Dave Galvin, Dan Gillespie, Bill Daniels, and Mark Densmore enticed all present with their original cheers. Pie eaters Quisenberry and Comstock emerged victorious for the juniors. The battle between the Juniors and Seniors erupted a 0-0 score during the powder puff football game. The success of the dance depended mainly on the music of the band FFA Sweetheart was Rachel Eum. "Androcles and the Lion, was their second production. This play was set in and around ancient Rome. It dealt with the worth of human life and a conflict between the rights of the people to Christianity and the limits of the government to dictate state beliefs to the people.

pep assemblies

# Outdoor Assemblies Were New To Students

Outside assemblies added a new dimension to pep rallies. There was a more relaxed and informal atmosphere present. With the aid of spirit groups, the students at Cabrillo led the teams on to many victories. In addition, Commissioner of Assemblies, Nick LaSorsa, delighted each person attending the

# Memories Were Imprinted On Students' Minds

As in life, the events of the year have come and gone. They have left an over memorable imprint on the minds of all who have attended Cabrillo. With the flooding of the gym, Cabrillo students enjoyed new experiences with outside assemblies. Paula Woodruff was crowned Cabrillo's fifth Homecoming Queen, Dennis Hall and Danny Kleinman portrayed Santa and his one reindeer during Christmas vacation. Sadie Hawkins was a success during the week's entire activities. With the end of the year here, many students will be leaving Cabrillo with memories of the year 1971-72. # Large Government Hampered Officers

Hampered by a government that was too large for its own good, the A.S.B. officers had to struggle through the year. The Homeroom Federation, for instance, turned out to be more of a burden that it was a help. There was disorganization on many levels due to the unorthodox approach to student government taken by Dave Bolt and Siegfried Herrmann. Despite all this, there was much accomplished in the way of more funds appropriated to clubs, and most evident, a better understanding between students and officers. All things considered, the officers accomplished most of what they set out to do, which is a good record in any form of government.

Top. The friendliness of this year's student government is displayed in this sign by the A.S.B. Office. In previous years, the office was always very private, and kept locked. # Groups Proved Their Innovative Talents

Starting in April, during the staff's Freshman year, the Seventy Four Magazine was formed to put the spotlight on the "little people" of Cabrillo who had much to contribute to the school. Because it was the first of its type, students took to it rather reluctantly, but it soon caught on. Seventy Four Magazine brilliantly covered an in-depth study of Cabrillo in an informative, academic, and sometimes saturcal manner

The Supreme Court worked as the judicial branch of Cabrillo's Student government. Among the more important cases covered this year was the definition of an A.S.B. member. This led them to plan a complete reorganization of the A.S.B. system, certainly a complicated job to tackle. They were also called upon to decide the line of succession for class presidents when the Sophomore class president moved

# Future Farmers Were Constantly Learning

FFA has always been the most active club on campus, and this year was no exception. Regularly throughout the year, FFA picked up trash across the street from Cabrillo They plowed and planted oats in the field behind the school and in a field beside the La Purisima Mission

Continuing their work from last year, they landscaped the lot surrounding the Security First National Bank in the Village. A few of their many service projects included collecting food for Thanksgiving and Christmas baskets, and collecting children's clothing for Vietnam war orphans

During Sadie Hawkins week, FFA ran numerous contests Among them were the pie-eating and pie-baking contests, and of course, the one most enjoyed by the entire student body, the Girls Greased Pig Contest

In Mid-November they participated in the Co-op Quiz Contest. Susie Fitch was named finalist. Many members also entered the Best Informed chapter contest

This year, as every year, the biggest project was the breeding and grooming of steers, sheep, and pigs for the Santa Barbara County Fair in Santa Maria. The animals were entered for judging in various categories.

The Wind Ensemble is made up of fifty musicians chosen from the Concert Band. They play mainly formal and classical music. The group is composed of students who are planning to continue with music study after high school; for many, music will be their career

# Artists And Scholars Strove For Excellence

A long established club on campus was the Art Club. This year, the club was less strictly organized than ever before. The members of the club met in the art room during lunch on Thursdays, and in the manner of true artists, "everyone just did what they wanted to do" as related by Cheri Washburne, club president

A member of the "Coalition for a New Tomorrow" was one of the many guest speakers that was on campus to speak to the California Scholastic Federation. Along with learning about tomorrow, the club was concerned about the present, as they donated money to the Pakistani Relief Fund

# Staff Worked Extra Hard To Overcome Difficulties

If you ever read the blackboards in the newspaper room, you would probably conclude two things: 1) That deadlines were never met, and 2) That "Glances" seemed to be the most important part of the paper. Even though this year's staff held the highest record ever for missing their printing deadlines, they never failed to present the students with the finished paper on time

Editor Pam Blackwell pulled the paper through minor and major catastrophes, including the time that the Lompoc Record burned down with the Fore & Aft copy inside. Her staff supported her by working time and time again at late-night working sessions

## Associations For The Future Helped All Involved

Established in 1966, the Future Nurses of America Club carried on in its active tradition. The club went on three field trips: to Camarillo State Hospital, Fairview State Hospital, and to observe the Special Education Classes for the Deaf in Lompoc. A dental hygienist and the director of the School of Nursing at San Jose were among the club's guest speakers. The members of the FNA put all their knowledge and compassion to use when they held a Christmas party for the old folks at the Lompoc Hospital

Cookbook and bake sales were some of the money-making activities of the Future Homemakers of America Club. In February they traveled to San Simeon to visit Hearst Castle.

### Clubs Combined Competition With Personal Gain

Climbing to the top of the Los Padres League in late November, the Cabrillo Speech Team again held up to the high standards of previous years.

Encouraged, persuaded, cajoled, and sometimes even threatened by coach Steve Ward, the members tried hard not to let him and themselves down. Veteran members of the team were surprised and pleased by new, powerful members like Pam Erbe, who was awarded first place in Oratorical Interpretation at the first tournament she ever attended

The Chess Team traveled to many different schools for competition, and in true Cabrillo spirit had reached the number one spot in their league by mid-January. Their dedication to the game was proven by the mere fact that they attended these meets, as some would start after school and end as late as eight p.m

# Clubs Had Large Or Small, Many Or Few Projects

The Printing Club's project was to print "The Image,"

Citizens Scatterery Magazine. The Image Staff gave them the
information in February in the form of a model booklet. Each
member was responsible for completing four pages. The printing
was finished in the March

New members were added to the Keyette Club this year after surviving an embarrasing initiation. Included in this was wearing the same coefficient white body soxt all week and wearing a Halloween mask all day on the Monday of that week. They started off the year with the money-making project of selling American Flag Decals. At Christmas, members cooked, baked and sold fruitcakes, fudge, peanut brittle and cookies to the general public. Near the end of January, the Keyettes banded together with other service organizations to collect donations for the March of Dimessions.

February seemed to be their busiest month. On the 16th the club held an old-fashioned box-lunch social for members of the Lompoc Kiwanis Club and their wives. Soon after that was a fierce basketball game with the Keyette Club from the #1 rivals themselves. Finally, they got to relax at a beach party with the Cabrillo Key Club

Hiking over large areas of the Sequoia National Park in November was a weekend activity of the Hiking Club. Other hikes were made in Cedar Grove, and around the Davey Brown Campground at Figeroia Mountain Previously always handled by the Science teachers, the Chemistry team was awarded the honor of presenting the annual pre-Christmas-Vacation Gee-Whiz Show. Cries of Oo's and Ah's were heard from the audience as they were startled by "magic" which almost always worked out right including a visit from the ghosts of Christmas Past, Present, and Future. # Exhaustion And Exhilaration Were All A Part Of The Act

There are never two yearbook staffs that are the same. Each had its own unique people and problems. But the end result was always the same, a book that no one throws away. A book that becomes more of a treasure as the years since high school increase

In order to develop a yearbook, the staff must be composed of hard-working people People that work for an entire school year for a student body that never truly realize what's involved in the making of a yearbook.

People like Seniors Gloria Gustitus and Sharlene Morson who have been on Cabrillo's yearbook staff since they were Sophomores for the self-satisfaction of doing something lasting and worthwhile

The rookies on the '72 staff that had plenty to learn and many after-thoughts about joining the staff were the most energetic. No one could compare with the antics of Anna Conley, Kathy Radabaugh and Pam Kluge. And who could ever reach the level of composure that Kathi Andrews had?

Kay Stum kept the staff's equipment organized, and David McCarter gave the staff headaches because of lack of photos

And, always, the reliable members of the staff like Carol Moore, Jane Waage and Sue Robbins kept everything toned down

This was the staff that selected all the pictures that appear in this book. These were the people that wrote all of the copy, captions, and headlines. These were the people, the 1972 Tierra Royal Staff

#### Pre-season Home Games Proved Successful

This year's Varsity Football Team was a big question mark at the beginning of the season. After losing the majority of experienced players through graduation last year, Coach Jones had to build a new team during the spring and summer The season started out with a tough non-league schedule. After losing their first game it seemed that all the doomsday predictions were coming true. But the Conquistadores came back to rip up Alemany Disappointment was on Cabrillo's doorstep once again when they traveled to San Marcos only to be clipped by them. Back on their home field, Cabrillo once again dominated the field of play against Sylmar Ending non-league play with a 2-2 record paved the way for surprising league action

The first opponent in official league play was San Luis Obispo. Cabrillo came on to the field to eat them up and that's just what they did. After having their first taste of league victory Cabrillo was matched up with the highly-rated Righetti Warriors. Not to be scared off by Righetti's well publicized strength, Cabrillo went out at eight o'clock, Friday night, and totally demolished them

Half way through the season Cabrillo met up with the stubborn Santa Maria Saints. The only thing Cabrillo could get out of Santa Maria was a tie. But the next week Cabrillo managed to tear up the Arroyo Grande Eagles

The biggest disappointment came at the last game of the season. With the Northern County League Championship and revenge on last year's loss to Lompoc at stake, the game was supported on a pyramid of tension. As the final seconds of the game ticked away the second loss to Lompoc was all too evident

A couple weeks after the season ended All-Leaguers were announced. Three seniors, JC Holt, Cecil Gordon, and Dana Brenner and two Juniors, Allison Driesbach and Ken Wahl, were chosen to be on the first team of the All Leaguers

The JV Football Team had a disappointing season. The 1971 season concluded with a 2-4-1 record. Lack of strength and experience played a major factor in the final outcome. Now that they have the experience, they hope for a triumphal season next year

Freshman football was as exciting as it has ever been Going undefeated was one of the factors that made it so Their offense racked up a total of 292 points, while their defense only let 78 points slip by them. These facts only tell part of the story of why the freshman football team

went undefeated

### Records Were Set In Opening Relays

It was well known at the beginning of the season that the swimming team was going to excel this year With nearly three/fourth's of 1971's team returning, there was no doubt that records were going to be broken The first record broken was at the Buene Relays. The team of Don Reeser. Walter Heidmous, Gary Anderson and Randy Nogle set a new meet, school and league record of 1.46.1 in the 200 yard medley relay. As if that wasn't fast enough, four days later they surpassed that time with 1:44.2 in the CIF relays which placed Cabrillo third in all of Southern California With excitement like this before the league even started, placing first in the league for the second year in a row was possible

#### Future Looked Good For Both Teams

The "B" and 'C Weight Swimming Teams are determined by their height, weight and age. This is set up so a larger person doesn't have to compete with a smaller person on the same level The reason a lot of the boys went out for swimming, as said by Coach Bover was that it can improve their water polo ability by 300%. So not only were they preparing for a powerhouse swimming team, but also for a first-rate water polo team

#### Title Went Down To League Finals

Coach Cliff Brookhart's wrestlers performed outstanding this year Although their league record of 8-2 was just behind Lompoc's, Cabrillo's matmen got enough points during league finals to surpass the Lompoc squad for the Northern County League Championship.

during the year were easily

# Grapplers Upheld Their Winning Tradition

Ending the season with a 9-1 record, makes next year's varsity team look promising. Kris Andrews, Jerry Reyes and Dave Robertson went undefeated in all of their matches. The whole team placed second in the Morro Bay Novice Tournament The Frosh had a perfect season of 8-0 Obtaining a new coach, Mike Knoell, may have been one of the factors for the good record. The team placed first in both the Quartz Hill and San Luis Obispo Tournaments

Again, the basketball team came through the season with a poor record compared to what had been predicted. The win against Lompoc was not only an end to an eight game losing streak, but it once again let them taste victory over the crosstown rivals. But, the league record figured out to be a disappointing 2-8 The big man of the team, Mike Kluge, broke a school record for total lifetime points with 990 Coach Don McIntyre's resignation was the surprise of the season Reasons of furthering his education and a prospective professional trainer's job were given

The JV Basketball
Team ended with an
8-2 record. Well
stocked with juniors,
the team seemed to
have the experience
they needed to win
This experience will
assist them when they
move on to Varsity

The Frosh Athletes showed great promise for the future. Their record of 8-4 wasn't the best ever, but their potential is great if channeled in the right direction in later years.

Another successful Water Polo year has been bestowed on Coach Bob Boyer. Blessed with gifted material, Coach Boyer molded another winning team with four returning lettermen

This was their second league championship and by far the best team in our history. Boyers Barnacles scored an amazing 190 points during the season, while the defense only let a total of 46 goals slip by them

On the whole, the entire team did a superior job, but this was to be expected since six men made all-leaguers. The all-around player was Walter Heidmous, who could play any position and play it well. The point-getters were Gary Anderson and Randy Nogle, and on defense were Jeff Heidmous and Randy Phillips.

#### W. Heidmous Did It Again

Cabrillo has had more Water Polo All-Leaguers named this year than any preceding year Along with the three seniors, three juniors were also honored with this title. The biggest asset of the 1971 Water Polo Team was the balance of talent The big sparkplug of the team was All American Goalie Walter Heidmous, Along with being named an All-Leaguer for the second year in a row, he was chosen as All-CIF this year In Walt's junior year, he was picked for the seventh learn of the Ten All American High School Water Polo Teams, Changing him to a tougher position as goalie this year got him on the All American's fifth team Junior Gary Anderson was given an honorable mention on the All American Team

More games, this year, gave the J.V. team a better opportunity to gain the important experience needed before proceeding next year to the Varsity team. Almost breaking even a 5-7 season made next year's outlook brighter for the young team

Freshman Water Polo was as fascinating as ever Ending with the identical record as J.V., Cabrillo's future in Water Polo looks secure for quite a few of the coming years

#### Sluggers Go For Title

Baseball started out with a bang this year. They zonked the Santa Barbara Dons with 6-0 score Already players like Kevin Drake, Bucky Brockett, Ken Murphy. Matt Goodrich, and Mike Kluge were beginning to stand out Last year's record of 15-7 was hoped to be better this year Well manned with seniors the team had a chance to go all the way

#### Harriers Ran Their Hearts Out

Ending the year with a 4-3 season was satisfying. Having only two seniors, Bill Hobart and Starin Young, the team's strength laid in the underclassmen's hands This year the team participated in three invitationals. Dos Pueblos', Hancock's and Mt. Sac's With one more year of experience under their belts, the team hopes to be a true contender for the title next year

### New League Meant More Competition

Firty eight girls went out for this year's Swim Team. That many girls provided a great versatility in all events. Along with having a new coach, Miss Wolf, they were in a new league.

With much practice and such good coaching, the team did well against their competitors.

## Hackers Swung Into Action

### Team Aimed For League Championship

With Juniors making up the majority of the track team this year, it's almost certain next year's will be in strong contention for the league crown. The track team this year was led by Cecil Gordon in the 120 high hurdles and long jump, and Mike Drouin in the pole vault. Also contributing their talents were Lloyd Florow, the sprints, Doug Wardrip in the high jump, Victor Tise in the mile, Gary Manus in the two mile and Allison Driesback in the shot-put. Leroy Crosby was the track coach while Ed Knowles handled field events

# A Year Filled With Competitive Learning

This year in sports has been one of many ups and downs. The desire to win was always there, but sometimes desire is not enough to carry you through to the top

Learning could be classified as one of the most important words of the year Learning how to grasp victory and how to take the humiliation of defeat

This is the finale, the last of '72 sports — and there is naught but the hope of eternal competition

## Administrators' Tasks Became More Complex

As time goes by, the administrators tasks become more complex. With mounting problems from students, a day's work is never finished. Top administrator is principal Robert Bickford, assisting him are Richard Greening, Don Hart and Robert Wiener. The recognition attributed to these outstanding people behind the scenes is little. Realizing the time and effort put forth by each one, maybe someday the relationship between the administrators and students will be one of harmony

#### counselors

## They Carried Tight Schedule

The counseling department started off the year with freshman orientation. An old program that has recently been activated was the student tutor program. This has enabled the students to relate to others younger than themselves. Each counselor had an extremely tight schedule thus they were not able to fully accommodate each of their 400 students on much of a personal basis.

During the year, 15-20 college representatives visited the Cabrillo campus to assist the Juniors and Seniors in selecting their colleges. In addition to that, there were three military days and one ROTC day

#### secretaries

# We'd Like To Know A Little Bit About You For Our Files

Cabrillo's secretarial staff kept all matters of importance running efficiently and smoothly. With the aid of Mrs. Etherson, student affairs seemed to come and go without the slightest bit of interference, Mrs. Gibbs and Mrs. Sparks ran the attendance office with only a minimum amount of confusion. The administrative secretaries kept an even pace with the administrators. Last but by no means least, the counseling department was maintained in ship-shape by the congenial smiles of the counseling secretaries.

## There Was A Time For Understanding

With returning teachers, the boys' and girls athletic department has become experienced in the development of physical education. Under the direction of Don McIntyre and Carrie Larson, programs have increased in quality and quantity. The music department began the contract system in a few classes. This worked very well and allowed for much more individual help to students. Department head Glen Newcomb has fostered much musical ability during the year And he has increased extracurricular activities for many

During the past months, the "class of '74" has accomplished much and has developed into a unit. Among some of the activities achieved were a class picnic, bake sales, car washes, Senior Tea, swimming party, dances, football, basketball and wrestling concession stands

For the most part, the sophomore class worked to raise money for next year when they will be sponsoring the Homecoming Dance and the Junior-Senior Prom

Besides the hardworking officers, various students helped make the year 71-72 a most enjoyable and profitable one for every member of the class of "74."

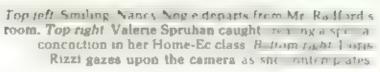

Darlene Hagans took time out of practice to smile

# Few Cared About What Happened in 1971-72

"Apathy" is a term widely used in our society today. And never before has it applied so well to the overall attitude of Cabrillo students, faculty and administration alike

Since 1968, when this year's graduates were freshmen, the classes have had fewer ideas and fewer accomplishments to be proud of. The 1972 graduates have left Cabrillo marred with graffiti on walls, lockers, patio tables and restrooms that showed the low standards Cabrillo students possessed

Many of the events that have become tradition since Cabrillo's founding in 1965 were neglected or forgotten. Pep assemblies became a novelty along with spirit. Dances were eliminated after the football season ended. Seniors didn't get activities started until February

It's no wonder that apathy was seen in the eyes of Cabrillo students. The class leaders became frustrated shortly after the year began. Our administrators were too busy with public relations to listen to the gripes and desires of the student body

Although the majority of the students didn't care what happened, there were a few that did

There were those that worked at establishing clubs and organizations, at keeping our student government together and those that planned and carried out the activities

A few refused to become frustrated and discouraged. They are the ones that determine the time of man, that keep Cabrillo pushing ahead. To these people I dedicate the 1972 Tierra Royal along with all of the hard work, long hours, and headaches that went into making it

for in America
